PLEASE READ ALL OF THE FOLLOWING

Young Bristol places safety as a top priority; Adventurous Activities involve some risks of the people taking part, and the Activities Team aim to keep these risks as low as possible.

The chances of serious injury are extremely low, but the chance of minor injuries (bruises, bumps and – less likely – minor fractures) are a possible result of taking part in Adventurous Activities.

To ensure the safety of its participants, Young Bristol will minimise the actual dangers by:

- Carrying out a thorough assessment of all risks before commencing the activity.
- Only using experienced instructors with the appropriate qualifications for the activity.
- Giving clear safety instructions to all participants.
- Ensuring equipment and clothing is well-maintained and suitable for the activity and environment.
- Ensuring activities are within the capabilities of the participants.
- Asking participants to supply any medical conditions or information.
- Ensuring good hygiene standards are kept.

We expect participants' full co-operation with the staff team to ensure the safety of all participants, by following instructions and answering questions honestly about any medical conditions or other information relating to health and safety.
