- Your Contact information - email address, home address, telephone number
- Other data such as required on a consent form if taking part in a Young Bristol Activity e.g medical information

Mailing lists

As part of the registration process for our newsletters, we collect personal information. We use that information (e.g. your email address), to tell you about upcoming activities, events and issue a quarterly newsletter. We do not rent or trade email lists with other organisations or businesses.

We use a third-party provider, MailChimp based in the United States, to deliver our newsletter. We gather statistics around email opening and clicks using industry standard technologies to help us monitor and improve our e-newsletter. For more information, please see [MailChimp's privacy notice](#). You can unsubscribe to general mailings at any time of the day or night by clicking the unsubscribe link at the bottom of any of our emails or by emailing info@youngbristol.com

We understand Mailchimp is part of the Privacy Shield which requires them to provide similar protection to personal data shared between the European Economic Area and the US. For further details, see European Commission: EU-US Privacy Shield.

We have various fundraising activities that take place and a separate, secure database is held of supporters. This is used to let our supporters know of specific events by post or by email (if we have received a signed and dated data protection consent form). If you would like to receive fundraising communications by email from us please contact us and we will post a form for completion.

If taking part in a Young Bristol Activity at one of our centres (Activity Centre or Youth Club) we will ask for a consent form to be completed by an adult (parent or guardian), if the activity user is below the age of 18 or by the adult themselves. This is information that we must have prior to the activity taking place for the safety of both the user and staff members. This information is kept secure in line with our AALS accreditation (Adventure Activity Licensing Service) and our best practice.
